

Dear Homeowner,

On behalf of the Master Builders Association of King and Snohomish Counties (MBAKS), we thank you for your interest in the annual Remodeled Homes Tour, now featuring the ADUexpo. This year our tour will be in person. We are excited to be able to show off your beautiful home, taking into consideration safety measures and respecting your concerns.

The ADUexpo portion of the tour showcases Accessory Dwelling Units and Detached Accessory Dwelling Unit projects built by our members. The tour is one of the premier outreach opportunities for our members during the year. Your builder and MBAKS appreciate your participation.

Thank you for helping to celebrate the achievements of the professional builder. Additional information about the Remodeled Homes Tour/ADUexpo can be found on the subsequent pages of this document, as well as online at remodeltour.com.

Please fill out the 'Homeowner' portions on pages three and four of this document and return to your MBAKS member representative.

We look forward to showcasing your home!

Sincerely,

Master Builders Association of King and Snohomish Counties

Homeowner Information

What is the Remodeled Homes Tour and the ADUexpo?

The Remodeled Homes Tour, scheduled for September 21, 2024, is conducted by the Remodelers Council of the Master Builders Association of King and Snohomish Counties. This event features remodeling projects completed by active members of the council.

Tour information is available to the public through targeted advertising.

In 2024, we will be including ADU/DADU projects across King & Snohomish Counties to be toured by both builders and homeowners. This inclusion is named ADUexpo.

Why my home?

As industry leaders, our members are proud of their commitment to the home-building profession and feel that you have one of the finest homes in King and Snohomish counties. Both quality and craftsmanship are essential to the success of a project. Your participation in this event gives our members the opportunity to showcase their expertise and educates other builders and the public on the benefits of building ADUs and DADUs.

Will it help my property value?

Having your home on the tour is an added feature to add to your "home portfolio" for resale purposes.
